

NIGHTMOON drops his new Electro House track “I Can’t Be Lonely”!

NIGHTMOON
I CAN'T BE LONELY

One of the polish musicians with the greatest experience in the industry. His achievements include festivals such as Sensation, Trance Explosion, Dancetination, I Love New Year, Armin Only and many more. He's also a resident at the Dutch club „DE HOEVE”. Music expresses that which can't be said and on which it's impossible to be silent. Where language fails, music speaks. This is Nightmoon's world.
